ABOUT ZYS ADVISORY

Practical advisory for cross-border business execution.

Nanjing ZYS Advisory Co., Ltd. supports foreign investors, international SMEs, and Chinese companies expanding overseas.

We connect entity formation, tax, accounting, visas, licensing, and audit readiness into one clear operating plan.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

WHY INVEST IN CHINA

China remains a core market for global companies.

Large consumer demand, advanced manufacturing clusters, digital infrastructure, and regional supply-chain depth make China an important base for sales, sourcing, R&D, and operations.

A compliant setup helps investors manage risk while building long-term commercial capacity.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

ONE-STOP CORPORATE SERVICES

One advisory team from structure to compliance.

ZYS coordinates company registration, tax setup, bookkeeping, payroll planning, visa support, business licenses, audit preparation, and ongoing advisory.

Clients receive document checklists, milestone tracking, practical pricing, and bilingual communication.

China Company Registration / WFOE

Structure, filings, tax setup, post-registration compliance

Hong Kong Company Registration

Company formation, secretary planning, statutory maintenance

USA Company Formation

LLC or corporation planning, state selection, EIN coordination

Singapore Company Registration

Entity setup planning, director and compliance guidance

Dubai / UAE Company Formation

Mainland, free zone, or offshore route review

Accounting, Tax & Audit

Bookkeeping, tax filing, audit readiness, management reports

Visa & Immigration

Work permit, residence permit, business visa guidance

Trademark, IP, Import & Export

Brand protection, licensing, customs and trade readiness

CHINA COMPANY REGISTRATION / WFOE

Establish a compliant operating entity in China.

Entity structure review, name reservation, business scope planning, registered address coordination, shareholder documentation, license filing, chops, bank readiness, and tax registration support.

Typical clients include trading businesses, consulting firms, technology providers, service companies, sourcing offices, and regional sales operations.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

HONG KONG COMPANY REGISTRATION

Fast regional setup for trading and holding purposes.

Support for private company formation, director and shareholder documents, statutory records, company secretary planning, and maintenance guidance.

Hong Kong is often used for regional trade, international contracting, holding structures, and cross-border payment planning.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

USA COMPANY FORMATION

Entity formation for the United States market.

LLC or corporation formation planning, state selection support, EIN coordination, registered agent planning, and banking-readiness documentation.

ZYS helps clients understand maintenance, tax touchpoints, and practical operating requirements before setup begins.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

SINGAPORE COMPANY REGISTRATION

A regional base for Southeast Asia expansion.

Registration planning, director and shareholder documentation, compliance calendar guidance, and operating structure review.

Singapore may suit regional headquarters, holding companies, technology ventures, and professional service providers.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

DUBAI / UAE COMPANY FORMATION

Mainland, free zone, or offshore setup planning.

Dubai and UAE structures can support regional sales, consulting, trading, and holding activities.

ZYS helps compare jurisdiction routes, licensing requirements, office options, renewal obligations, and document preparation needs.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

ACCOUNTING & TAX SERVICES

Keep records accurate and filings on time.

Monthly bookkeeping, voucher review, financial statements, VAT support, corporate income tax filing, payroll coordination, and management reporting.

We focus on audit-ready records and practical communication for foreign management teams.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

AUDIT SERVICES

Annual audit coordination and financial readiness.

Audit preparation, statutory reporting coordination, record review, management schedules, and communication with audit providers.

Strong records reduce delays in annual reporting, shareholder review, financing, and compliance checks.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

VISA & IMMIGRATION SERVICES

Support for founders, executives, and employees.

Business visa guidance, employer sponsor readiness, work permit support, residence permit coordination, and family visa planning.

Visa outcomes depend on personal credentials, sponsor qualification, local authority review, and appointment availability.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

WORK PERMIT & RESIDENCE PERMIT

Plan the employment and immigration path together.

Foreign employees usually need a qualified China employer, compliant labor arrangement, complete personal documents, and local work authorization.

ZYS coordinates checklists and process steps so company setup and visa planning do not conflict.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

TRADEMARK & IP

Protect brand assets before market expansion.

Trademark search and filing coordination, IP ownership planning, brand protection checklists, and document preparation support.

Early filing reduces exposure when launching sales, e-commerce, distribution, or manufacturing activity in China.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

IMPORT & EXPORT LICENSE

Prepare for compliant trading operations.

Business scope review, customs registration planning, import and export license guidance, and regulated permit checklists.

Trading companies may also need product-specific approvals, labeling checks, customs documentation, or foreign exchange process planning.

- Scope is confirmed before work begins.
- Document quality and timing affect the overall schedule.
- ZYS coordinates practical next steps and milestone communication.

PRICING GUIDE

Indicative starting prices for project planning.

China Company Registration / WFOE: from USD 1,200. Hong Kong: from USD 750. USA: from USD 650. Singapore: from USD 1,200. Dubai / UAE: from USD 2,500.

Accounting starts from USD 250 per month. Visa support starts from USD 300-800 depending on scope. Government and third-party fees are quoted separately.

Service	Guide Price	Notes
China Company Registration / WFOE	From USD 1,200	City, address, activity, and license exposure affect scope.
Hong Kong Company Registration	From USD 750	Setup coordination and basic statutory planning.
USA Company Formation	From USD 650	State fees, agent, and EIN timing vary.
Singapore Company Registration	From USD 1,200	Director and secretary requirements may affect cost.
Dubai / UAE Company Formation	From USD 2,500	Depends on mainland, free zone, or offshore route.
Monthly Accounting & Tax Filing	From USD 250 / month	Varies by transaction volume and reporting needs.
Visa & Work Permit Support	From USD 300-800	Depends on visa type and document complexity.

REGISTRATION PROCESS

A clear path from consultation to operation.

1. Consultation. 2. Structure and business scope review. 3. Document checklist. 4. Filing and authority coordination. 5. Approval and license. 6. Bank, tax, visa, and compliance setup.

ZYS provides milestone updates and practical next steps during each stage.

01 Consultation	02 Structure Review	03 Documents
04 Filing	05 Approval	06 Compliance Setup

REQUIRED DOCUMENTS

Typical documents requested before filing.

Shareholder and director passports or company certificates, proposed names, business scope, registered address documents, beneficial owner information, authorization forms, and service-specific financial, tax, or visa records.

Exact document requirements depend on jurisdiction, company type, business activity, and authority review.

- Shareholder and director identification documents
- Proposed company names and business scope
- Registered address or lease materials where required
- Beneficial owner information and authorization forms
- Service-specific financial, tax, visa, or license documents

FAQ

Common questions from international clients.

Can foreigners own a China company? In many sectors, yes, subject to industry restrictions and local rules. How long does setup take? Often several weeks after complete documents. Do companies need accounting? Yes, proper bookkeeping and tax filing are ongoing obligations.

Are prices fixed? Guide prices are starting points; final quotes depend on scope, jurisdiction, documents, and compliance requirements.
